

Top view of a mechanical part. The part is circular with a central hole. Dimensions are given in millimeters (mm). The outer diameter is 90 mm. The inner diameter is 70 mm. The thickness of the part is 12 mm. The central hole has a diameter of 16 mm. The part has a fillet radius of R43 and a chamfer radius of R60. The part is labeled with 'TOP' and 'SCALE 1/2'.

The image shows an orthographic projection of a mechanical part, consisting of a front view (top) and a right side view (bottom). The front view is a rectangle with a total width of 40 and a total height of 35. The top edge is rounded with a radius of 10. The bottom edge is also rounded with a radius of 10. The right side view is a rectangle with a total width of 46 and a total height of 30. The top edge is rounded with a radius of 10. The bottom edge is also rounded with a radius of 10. The part has a central vertical slot with a width of 44. The front view shows the slot as a dashed line, and the right side view shows the slot as a solid line. The dimensions are indicated by arrows and numbers: 40, 35, 10, 46, 30, and 44. The text 'RIGHT' is written below the right side view, and 'SCALE 1/2' is written at the bottom right.
