

Technical drawing of a mechanical part, likely a flange or base plate, showing a top view. The part is circular with a central hole and a smaller hole. Dimensions include a total diameter of 94, a central hole diameter of 38, and a 10-degree chamfer. The part is made of P.C.D 96. The drawing includes a 40-degree arc and a 2x Ø8 hole. The part is labeled with 'A' and 'B'.

Technical drawing of a mechanical part, showing two views: a perspective view and a top view. The perspective view shows a cylindrical component with a flange and a central opening. The top view shows the circular face of the flange with a central hole and four small holes. Dimensions are provided for the top view: a central hole diameter of 1.75, a distance of (4) from the center to the first small hole, and a distance of 11 between the first and second small holes.

Technical drawing of a mechanical part showing dimensions and tolerances. The drawing includes a cross-section of a part with a hatched area. Key dimensions and tolerances are indicated:

- A horizontal dimension of 7.3 ± 0.7 mm is shown at the top right.
- A vertical dimension of 30.0 ± 0.5 mm is shown on the right side.
- A fillet radius of $R0.8$ is indicated on the left side.
- A fillet radius of $R0.5$ is indicated on the right side.
